

PORI ART MUSEUM

PERFORMANCE WORKSHOP

04.05.2011 at 13-17.00, lecture room, 2nd floor

Lead by Belgian artists

JULIEN CELDRAN, DIALOGIST-KANTOR, LISE DUCLAUX, JÉRÔME GILLER, BERNARD MULLIEZ, EMMANUEL TÊTE

The theme of the workshop is "collection" and "to collect".

We will be making masks and costumes from recycled materials. The working process is fast and spontaneous. During the last hour of the workshop the masks and costumes will be worn.

The participants will become a group of rubbishy demonstrators. We will demonstrate in the museum and ask for being officially received by the museum director. Our delegation will formally ask Pori Art Museum to collect the rubbish costumes.

No one is really sure if they want rubbish to enter the museum collection, or if they want the museum to become a waste collection plant...
